

K-Love Christian radio is a constant source of encouraging, family friendly listening entertainment. If K-Love radion was not an option, there would not be an option for my family to listen to, due to the rude and sometimes vulgar comments made on other radio stations. K-Love provides a healthy enviornment for the public. Any time someone selcets K-Love, whether intentionally or by browsing, they are gretted with positive, encouraging, and hopeful words. This is an attribute no other non-christian station gives to its listeners. The positive influence this radio station has on the area around us it unmeasurable. The standard of good radio has been set by K-Love. Please don't let it be lowered by allowing other less positive stations to take the place of K-Love.
